

Meet Your Family Medicine Physician

Lindsey C. George, MD

I strongly believe in preventive care, and patient education. I want my patients to know that I am listening, and that I will answer their questions. I want my patients to make informed decisions about their health. I want them to understand what is happening, and what steps we are going to take together to improve their health.

Why I chose Health Care

"Since childhood, I have always had a heart to help others. My parents really inspired me through their work ethic. They always motivated me to seek more knowledge, to be more compassionate and understanding, and to work hard to make the world a better place, in whatever way I can. As a physician, my main objective is to help improve a person's quality of life through education, prevention, and continuity of care."

Residency

Carle Foundation Hospital, Urbana, IL

MD

University of Szeged, Hungary

Professional Memberships

American Medical Association, American Academy of Family Physicians

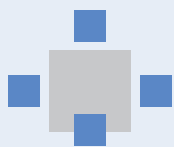

Department of Family Medicine

In the Department of Family Medicine, Dr. George diagnoses and treats non-surgical illnesses, or disorders from infancy through adulthood and promotes wellness care for patients of all ages.

Hospital Affiliation

Carle Foundation Hospital and Presence Covenant Medical Center

Outside of work, Dr. George enjoys spending time with family and friends, traveling within the US and abroad, and participating in Christian medical mission work to assist the underserved in developing countries.
