

Meet Your Physician Assistant

Jessie Hemric, PA-C

Growing up, my pediatrician inspired me to become a medical provider. She was always welcoming and her actions showed that she truly cared about her patients on a personal level. I strive to provide that same type of welcoming environment and personal care to my own patients.

Why I Chose Health Care

"I chose a career in healthcare because it allows me to share my compassion and care for others in a personal manner. As a child, my own medical experiences piqued my interest in medicine, and I enjoyed learning about the human body throughout my education. This initial interest, coupled with wanting to make a difference in the lives of others, led me to pursue a career as a medical provider."

MPAS

Elon University, Elon, NC

BS

Liberty University in Lynchburg, VA, Biology

Certification

National Commission on Certification of Physician Assistants

Illinois Licensed Physician Assistant

Advanced Cardiovascular Life Support

Basic Life Support

Professional Memberships

American Academy of Physician Assistants

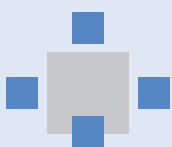

Illinois Academy of Physician Assistants

North Carolina Academy of Physician Assistants

Department of Family Medicine

As a member of Christie Clinic's Department of Family Medicine, Jessie promotes wellness and provides primary care for patients of all ages.

During my free time, I enjoy spending time with my husband and my family. I also enjoy hiking, watching Green Bay Packers football (Go Pack Go!), and scrapbooking.

CHRISTIE CLINIC

We listen. We care.
