

# Meet Your Family Medicine Provider

## Jeanelle Murphy, DO

*When in my care, I want my patients to feel listened to and taken care of. I believe it is important to address the whole person and not just the symptom.*

### Why I Chose Healthcare

"During college I participated in mission work locally and in Mexico and discovered the joy of serving people through medicine. I decided to become an osteopathic physician so I could learn to treat and help heal the whole person, body, mind and spirit. I chose family medicine so I could care for the whole family and support all ages through life's transitions. I have had the privilege to work for Christie Clinic since I moved to Illinois from California in 2009."
